ACADEMIC DETAILS

B Tech (Information Technology)	2022-2026	MMMUT, Gorakhpur	7.36/10.0
Class XII (BSEB)	2020	MSSG College, Areraj	83.4%
Class X (CBSE)	2018	Modern Public School	90.8%

INTERNSHIP/EXPERIENCE

Full Stack Development Intern	Psychobeings	<i>July 2025-October 2025</i>
- Built responsive and user-friendly interfaces with React and Tailwind CSS, ensuring seamless accessibility across devices. - Implemented secure authentication and authorization (JWT/Passport) to protect sensitive user data and enable role-based access for counselors and clients - Designed and managed MongoDB schemas to handle user accounts, therapy sessions, and appointment bookings efficiently. - Integrated RESTful APIs in Node.js/Express.js for smooth data flow between frontend and backend. Designed and managed - Collaborated with cross-functional teams (clinical psychologists, content creators, designers) to align technical features with user needs.		
Summer Trainee	Indian Railways	<i>June 2025-July 2025</i>
- Came to know about the safety standards that are used in signaling in IR. - Came to know about the various tools and mechanisms that are employed on a day-to-day basis to ensure smoot signaling throughout IR .		

PROJECTS

Abhyudaya	<i>December 2024-April 2025</i>
Project Link: https://abhyudaya.live/ - Tech Stack: Mongoose React.js Express Node.js Tailwind CSS RESTful APIs - Aim: Pioneered a centralized event registration system for Abhyudaya’s official inaugural website that processed 2500+ registrations within the first 48 hours.. - Spearheaded the developer team of 12+ coordinators; platform supported 25K+ participants and streamlined registrations across 30+ events - Implemented real-time participation tracking, schedule publishing, and automated notifications, streamlining event logistics by 35%.	
VMTCinePlex	<i>June 2025- Ongoing</i>
Project Link: GitHub Repository - Developed a full stack web platform for online ticketing of movies and other shows. - Built responsive and user-friendly interfaces with React and Tailwind CSS, ensuring seamless accessibility across devices - Used Clerk for user authentication, verification and profile management. - Designed and managed MongoDB schemas to handle user accounts, ticket bookings, and adding favorites as well as show remaining seats efficiently. - Integrated RESTful APIs in Node.js/Express.js for smooth data flow between frontend and backend.	

ACHIEVEMENTS

- Selected for Smart India Hackathon (SIH) Internals at MMMUT, Demonstrated problem-solving in a competitive tech environment.
- Solved 300+ DSA problems across multiple platforms like LeetCode, GeeksforGeeks, CodeChef, and CodeForces, covering arrays, trees, graphs, and system design patterns..

SKILLS

Technical: Python, C, C++, Java, JavaScript, HTML, MySQL, React.js, Express.js, Node.js, Tailwind, CSS, Docker, AWS
Curriculum: DSA, DAA, OOPs, Computer Networks, System Design, Cloud Computing Optimization Techniques, Web Development
Certificates: [NPTEL - Computer Vision by IIT KGP](#) , [NPTEL - Deep Learning by IIT Ropar](#) , [Full Stack Development Bootcamp by GFG](#)
Tools & Frameworks: Git/GitHub, Postman, VS Code, JWT.

POSITION OF RESPONSIBILITY

Treasurer at The Editorial Board (Official Publishing Body of MMMUT)	<i>May 2024 – April 2025</i>
Member of Organizing Team, Abhyudaya	<i>April 2024 - Ongoing</i>
Member at The Editorial Board	<i>May 2023 – Ongoing</i>
